BLOW TO JAPANESE SPEARHEAD IN NEIGHBOURHOOD OF SHANGLIN: DETERMINED ATTACK BY CHINESE

Stupendous Loss Of Men By Japan

CHUNGKING, Feb. 10 (Reuter).—Casualties in the Japanese Army, Navy and Air Force, including killed and wounded, in 30 months of war in China, are estimated to total nearly 1,500,000 men, according to the Chinese military authorities.

This figure was arrived at after carefully checking up Japanese documents, diaries and reports recently seized which have been shipped to Chungking in 40 cases.

Chinese estimates place Japanese casualties during the period of the outbreak of war at Lukouchiao on July 7, 1937, to the time of the Battle of Hsuehchow at 700,000, while casualties from the time of this battle up to the present are placed at 400,000 men, thus making a total of 1,100,000 killed and injured.

This figure, it is stated, represents only first-line casualties. Since the Chinese forces are carrying on mobile warfare, Japanese casualties in the rear are estimated at 200,000.

Losses of the Japanese Navy, Marines and Air Force are placed at 90,000 men, giving a grand total of 1,400,000 killed and injured.

FOLLOWER OF WANG ENDS LIFE

It is learned that Wang Kachang, who served as a member of the so-called Central Executive Committee of the Wang Ching-wei-sponsored Kuomintang, committed suicide by jumping overboard from a Dutch liner while en route from Shanghai to Hongkong.

Wang was formerly a member of the Commission for the Disciplinary Punishment of Public Functionaries of the Ministry of Justice. He was forced to join the bogus Kuomintang upon its organization in Shanghai in August last year, and was put under strict surveillance.

He escaped with his two sons on February 8, boarding the Dutch ship to sail for Hongkong. During the voyage he jumped overboard and was drowned.

In letters, which he left to his sons to bring to friends in Hongkong, he said that he committed suicide to vindicate himself.—(Central).

MORE MILITARY LEADERS DENOUNCE WANG

CHUNGKING, Feb. 10 (Central).—The latest additions to the welter of telegrams to the Central Government denouncing Wang Ching-wei for his secret agreement with Japan were two headed by General Huang Shu-chu, Chairman of Kwangsi, and General Yu Hsueh-chung, former Chairman of Kansu. Similar telegrams from Chinese organizations in overseas countries, included those from Mexico, French Indo-China, San Francisco, Manila, Victoria, Ottawa, and many other places.

PUBLICITY MAN LEAVES
Tseng Tzu-sheng, editor-in-chief of the San Min Weekly, a Wang Ching-wei-sponsored periodical, in Shanghai, has left the Wang clique and arrived in Hongkong.

Interviewed, Tseng said that there are several others working in Wang Ching-wei's publicity department who are planning to flee from Shanghai to sever relations with the traitors.

LIUCHOW, Feb. 11 (Central).—The Japanese spearhead in the neighbourhood of Shangling, northwest of Pinyang, suffered a blow on Friday morning when it was subjected to a determined Chinese counter-attack. It retired to the hilly regions southwest of Shangling.

Following their defeat at Litang, southeast of Pinyang, Japanese reinforcements were rushed from Pinyang but were intercepted on the way.

A fierce gun duel took place at Pinyang on Friday. The Japanese were driven back for one and half miles.

Lukan and Masai, two townships northwest of Pinyang, have been cleared of Japanese troops.

One of over thirty Japanese planes raiding Leiping in Kwangsi on February 3 was brought down by Chinese anti-aircraft fire. Five Japanese airmen were captured alive.

LANDINGS FRUSTRATED
Japanese marines in over ten motor boats lowered from three warships outside the Chinghai harbour on the east Chekiang coast made two attempts to land at Hsiehpu, northwest of Chinghai, on February 9. They were driven back.

WARSHIP REPULSED
A Japanese warship of light draught in the river at Pakkai, 12 miles northwest of Sunwei, shelled the Chinese land positions on the night of Feb. 8. Chinese artillery replying to the bombardment damaged and repulsed the enemy vessel.

Japanese troops from Samshui attempting to land at Wankamsha were repulsed with losses.

International Committee For Refugees In Kwangtung

CHUNGKING, Feb. 11 (Reuter).—On the outbreak of fighting in North Kwangtung, foreign missionaries there formed an international relief committee to take care of women and children and aged refugees, it is learned.

The committee consists of Dr. J. C. Saunders, of the American Baptist Mission, chairman, Rev. J. C. Jacobs, of the English Methodist Mission, secretary, Miss F. Hardy, of the American Baptist Mission, Bishop I. Janzel, Roman Catholic, Rev. M. Rankin, American Baptist Mission, and Dr. S. H. Moore, English Methodist Mission.

Refugee zones have been established by the committee at Ying-tak, Lokchang and Shaokwan, and these zones are recognised by both the Chinese and Japanese authorities.

The refugee camps take in women, children and aged persons. Men between the ages of 15 to 50 are not admitted.

Financial assistance has been received by the committee from the Chinese Government and also from Bishop R. O. Hall, of Hongkong.

COMMUNIST CENTRES IN SWEDEN RAIDED

STOCKHOLM, Feb. 11 (Reuter).—The Police Chief of Stockholm has issued a communique on yesterday's raids on Communist centres in Sweden. He states that the police received information that the Swedish Communist Party have received from Soviet Russia large sums, probably destined for harmful ends in Sweden.

When the labour delegation from Sweden visited Moscow in 1934, two Swedish and one Norwegian Communist members were received by M. Kuusinen who offered them money for Communist activity in Stockholm and illegal Communist Party activity in Finland. Each received the equivalent of \$400 which was smuggled into Sweden.

The communique adds that 10 persons were arrested including two foreigners. Two of the arrested persons: one of whom was editor-in-chief of the Communist newspaper Bydags, were released.

Much material likely to be important in judging the extent and aims of Communism in Sweden was confiscated.

MORE TAXATION IN HOLLAND

THE HAGUE, Feb. 11 (Reuter).—The Government has introduced a bill imposing additional taxation to meet the cost of mobilization.

Death duties will be raised by 15 per cent., petrol duty by about two and-a-half pence a gallon, sugar excise by 10 per cent., and import duty on coffee by three pence per pound.

Red Army Breach Of Mannerheim Line Officially Denied By Finns: Russians Concentrate 50,000 Troops Near Suma

LONDON, FEB. 10 (REUTER).—THE DAILY TELEGRAPH CORRESPONDENT IN HELSINKI REPORTS THAT FINNISH OFFICIAL QUARTERS DENY THE RUSSIAN CLAIMS THAT THE RED ARMY HAS BREACHED THE MANNERHEIM LINE.

He also reports that thousands of Russians have been killed in the past eight days in the Suma sector.

The Daily Mail correspondent in Stockholm reports that Finnish troops retreated for several miles on an eleven-mile front near Suma where the Russians have concentrated 50,000 troops and hundreds of tanks.

Other British newspapers report that Soviet troops fought their way into the Mannerheim Line but were wiped out in hand-to-hand battles.

THOUSANDS OF SHELLS

HELSINKI, Feb. 11 (Reuter).—Hundreds of bombs are being dropped on thousands of shells fired by the Russians in their redoubled efforts to force the Mannerheim Line. Vas, tides of Red troops, who are springing against the Finnish defences, are breaking against an unyielding wall.

Advances are being preceded by tanks, which pepper the defences with machine-gun and light artillery fire.

With a break of a day, the offensive was intensified by the Russians with a total disregard of losses, showing their desperation. Hundreds have been added to those already killed. As the drive extended, the snow front of Finnish pill-boxes became spotted with Russian dead.

Red communications in the south are so poor that hundreds of wounded are left to die.

Reports from Swedish quarters that the Russians had penetrated two miles behind the Mannerheim Line are denied in Helsinki where.

DR. GOEBBELS

Goebbels On "New Order In Europe"

Special to the H.K. Daily Press
BRUSSELS, Feb. 11 (Havas).—Nazis determination to establish a "New Order in Europe" was asserted by Dr. Joseph Goebbels in an interview with neutral newspapermen who visited him at his estate near Berlin.

Placing the colonial problem at the forefront of Germany's war aims and warning neutrals that they should not use the slogan of democracy for unneutral hostility, Dr. Goebbels stated: "Germany is not ready to make concessions regarding Austria, Czechoslovakia and Poland and accept the shameful and futile conditions of peace which would leave in existence all the European problems."

COLONIAL PROBLEM

"The colonial problem which before the war was not immediate henceforth it will be included among the Reich's war aims. Regarding neutrality, Germany intends to respect true neutrality but will oppose hypocritical neutrality."

"It is no use invoking democracy or freedom of the press since the state wishing to enjoy the benefits of neutrality must meet certain obligations."

How, it was asked, was it possible

MISSION OF SUMNER WELLES TO EUROPE MEETS WITH THE FULLEST FRENCH UNDERSTANDING

No Question Of Acting As Mediator Between The Capitals Concerned

PARIS, FEB. 11 (REUTER).—THE MISSION OF MR. SUMNER WELLES TO EUROPE MEETS WITH THE FULLEST UNDERSTANDING OF FRANCE, IT WAS DECLARED IN A SEMI-OFFICIAL STATEMENT WHICH MAY BE TAKEN AS ACCURATELY REFLECTING THE GOVERNMENT'S ATTITUDE TOWARDS THE VISIT.

IT IS MADE CLEAR THAT MR. WELLES CAN BE ASSURED OF BEING RECEIVED BY FRANCE WITH THE SAME FEELINGS AS THOSE AROUSED BY THE VARIOUS MESSAGES SENT BY PRESIDENT ROOSEVELT.

IT IS REMARKED HERE THAT THERE IS NO QUESTION OF MR. WELLES ACTING AS MEDIATOR OR EVEN AS A POSTMAN BETWEEN THE CAPITALS CONCERNED.

England and France, it is recalled, aim at obtaining material and positive guarantees of peace by means of victory in the field without which there cannot be stable international relations, either politically or economically.

The pursuit of this aim and the organisation of subsequent peace lie in two separate spheres, as M. Daladier stated, in his speech to the Senate last December.

Any economic and other plans which may be envisaged by the State Department with neutrals, would not be realised unless the recurrent of the threat to peace mentioned in the British Labour manifesto is definitely eliminated.

The statement concludes: it is obvious that from the French point of view the constant danger of Germany, which periodically unleashes bellicose crises in Europe for purely political and imperialist reasons, must be radically averted before the future of the world can take contractual shape.

NO GERMAN REACTION

AMSTERDAM, Feb. 11 (Reuter).—No authoritative German reaction is yet available in respect to President Roosevelt's latest move in the direction of peace. Wilhelmstrasse circles, however, were not encouraging when neutral correspondents enquired about the German attitude.

If England, they were told, insists that peace is only possible after the Nazi regime has been destroyed, Germany, too, stands firm by her war aims—destruction of British world domination.

How, it was asked, was it possible

to reconcile two such diametrically opposed viewpoints?

NEW YORK, Feb. 11 (Reuter).—Mr. Welles mission to Europe and the State Department announcement regarding peace talks with neutrals were given prominence in the press.

"Dual drive for European peace" and "President's long-awaited offensive for peace," are phrases used by the Washington correspondent of the New York Times.

He adds: "In the event of Mr. Welles making substantial progress in Berlin, the possibility is not ruled out that his mission may be followed by the return of the American Ambassador to Germany."

ROME SATISFACTION

ROME, Feb. 11 (Reuter).—Official circles do not hide satisfaction of the American announcement and it is thought that Mr. Welles will remain in Rome sufficiently long to enable him to have conversations with Signor Mussolini and Count Ciano, Foreign Minister.

AMERICA'S POLICY

STOCKHOLM, Feb. 11 (Reuter).—Scandinavia is following President Roosevelt's new move in sending an envoy to Europe with interest but is not unduly sanguine about the eventual outcome.

America's policy, at the moment, as seen in the northern capitals, is felt to be primarily concerned with America's interests.

SEE PAGE 7

Military Solution Impossible

Special to the H.K. Daily Press

WASHINGTON, Feb. 11 (Reuter).—Three different explanations are given by political observers for Mr. Sumner Welles' trip to Europe.

Firstly, the Administration's conviction that a military solution of the European war was impossible without a terrible human sacrifice which would plunge the whole continent into chaos and causing incalculable repercussions the world over, hence the advisability of neutral conversations which might avoid such a calamity.

Secondly, Mr. Roosevelt has received confidential information from Germany describing the hopelessness of the economic and political situation which are rendering the Nazi leaders desperate.

Thirdly, Mr. Roosevelt, as announced, merely wished to obtain information on all aspects of the general European situation, particularly Germany.

FIGHTING MALARIA SCOURGE IN YUNNAN

New Mosquito Discovered

CHUNGKING, Feb. 11 (Reuter).—Three United States public health service specialists, Drs. I. Williams (leader), B. Mayne and H. J. Bush, at present working in the malaria-infested districts of Yunnan Province, are establishing laboratories and hospitals for fighting the scourge which is depopulating wide areas in Yunnan Province.

These experts, it is reported, have discovered a type of mosquito previously unknown. They also found that Che-feng, Mangshih and Loiwing are three of the worst malaria infested districts in the Province. These districts are inhabited by backward tribesmen.

The doctors have just received 15 big cases of equipment from America for the laboratories and hospitals in these areas.

Complete control of malaria in Yunnan is possible, the experts believe.

LONDON, Feb. 11 (Reuter).—A group of relatives of men with the British Expeditionary Force, mostly mothers, left London today for France and will visit men who are gravely wounded.

UNITED STATES OF EUROPE FORECAST

SAN FRANCISCO, Feb. 10 (Reuter).—The formation of a United States of Europe, on similar lines to the United States of America, was forecast here today by Mr. A. Duff-Cooper, former First Lord of the British Admiralty.

Mr. Duff-Cooper, who is making a lecture tour in America, said Germany will end the war only when the German people depose Hitler.

The end of the war would see the beginning of the scheme for a United States of Europe, with some form of central government.

This would be inevitable, Mr. Duff-Cooper said, whether Hitler or the Allies won the war.

COLONY BEATS SAIGON IN SOCCER INTERPORT

Visitors Superior In All Departments Of Game: Result Unexpected

In ideal weather conditions, a crowd of 10,000 saw Saigon go down to Hongkong in the Interport football match at Caroline Hill on Saturday afternoon. Hongkong won by two goals to one after a goalless first half, both Hongkong goals being scored within three minutes of each other early in the second session while Saigon replied with one 15 minutes from the end.

Superior to Hongkong in every department of the game, Saigon were unlucky to lose and the result was quite unexpected. The Hongkong team, however, gave a good display and the match was interesting and exciting throughout.

Saigon's failure may be attributed to their disadvantage in weight in comparison with the Hongkong players, and the fact that the Saigon inside forwards failed to feed their exceptionally fast wingers who were obviously the media for getting the ball unfield.

Blackburn and Lee Tin-sang, the Colony fullbacks, also contributed much towards the Colony's defence, giving Robinson in goal little or nothing to do, while the home forwards were deplorably lacking in combination and Lee Wai-long and Thorburn seemed definitely off colour. Williamson played a good game at pivot.

For Saigon, Guichard and Hoa, the winners, were brilliant and in fact much too fast for their colleagues in the forward line, while Corea at back and Tai, in goal, gave spectacular performances, the latter being responsible for several excellent saves. Saigon undoubtedly had the better team and their fast raids and accurate passing were a treat to watch.

RUN OF PLAY

Hongkong kicked off, and Fowler was seen in a fast movement on the wing which resulted in a pass to Thorburn, who, however, failed to convert. A few minutes later Fowler repeated the movement but Thorburn was again too slow and Corea was able to clear.

Receiving a pass from Williamson, Lee Wai-long sent a terrific shot which skimmed over the cross-bar by inches. This was followed by another attempt by Lee off a pass from Fowler, but Tai made a spectacular save.

Saigon was then seen in the offensive and Tien took the ball down in a fine solo effort but being too impatient to shoot, misjudged and lost a good opportunity.

A terrific shot by Thorburn brought Tai down with the ball, but he managed to retrieve it as it rolled towards the goal and cleared. Within five minutes of the re-start Hongkong opened the scoring when Fung King-cheong headed in the ball as it rebounded after striking the post from a kick by Hai King-sing. A

couple of minutes later, Bickford passed to Thorburn who shot in at close range without giving Tai a chance.

The tiring Saigon team rallied and after several assaults on the Hongkong goal, Corea, taking the ball downfield, passed to Tot, who scored. Saigon continued to press but without result and although they came very close to scoring an equaliser, their efforts proved unsuccessful every time.

Tai, the Saigon goalkeeper, saving a shot from Fung King-cheong (Hongkong) during the Interport football match on Saturday afternoon. Fung scored the first goal for the Colony. (S.H. Hsia).

SAIGON AGAIN DEFEATED

South China Win By 4-1

Playing in their second match at Caroline Hill before a capacity crowd yesterday afternoon, the Saigon Interport football team was defeated by the South China A.A. by four goals to one.

Although beaten by a comparatively wide margin, the visitors were not in any way inferior to the home team, the score was not a true indication of the run of play. Chiefly responsible for the defeat was the weak shooting of the Saigon forwards, while the South China backs were rocklike.

The visitors' teamwork was good, especially their passing. Their backs played a very steady game, Corea being prominent. The wingers played well and caused many anxious moments with well-placed centres.

On the Chinese side, Chan Tak-fai played a very creditable game, being well supported by Ip Pak-wah and the other forwards.

SOUTH CHINA TAKE LEAD
South China took the lead about five minutes after the kick-off. Play was confined to the visitors' goal area and Yeung Shiu-yick sent over a high pass and the ball was headed in by Chan Tak-fai.

The second goal came fifteen minutes later when Lee Wai-long netted from a free kick.

Both sides continued to attack and ten minutes later Guillard, right wing, scored for Saigon.

In the second half Chan Tak-fai made several brilliant efforts to score and on one occasion he just failed when he fell near the goalmouth.

In the second half Ip Pak-wah, from a perfect corner kick, and aided by a strong wind, increased South China's lead.

The fourth goal was obtained by Leung Wing-chiu with a bouncing shot, which the Saigon goalkeeper, who rushed out to meet the ball, misjudged completely.

THE TEAMS
The teams were as follows:—
SOUTH CHINA A.A.: Cheung Wing-choi; Hau Yung-sang, Lee Tin-sang; Leung Wing-chiu, Lam Tak-po, Kwok Ying-ki, Yeung Shiu-yick, Chan Tak-fai, Lee Wai-long, Lai Shiu-wing and Ip Pak-wah.
SAIGON: Tai; Corea and Cul-Bun; Pacini and Bach; Guillard, Dai, Tot, Tien and Hoa.

ROYAL SCOTS' POLO WIN

K.O.Y.L.I. Game Played

Playing in the K.O.Y.L.I. Cup polo tournament on Saturday, the Royal Scots, beat the Fixed Defences by five goals to four, the final and winning goal being scored in the last minute of play.

The game was interesting throughout. Individual play was good at times, but combination was not too pronounced. The Scots played better as a team and were more sure of their hitting. Col. McDougal played a very sound game while Capt. Burn was the key man for his side.

For the Fixed Defences, Capt. Forrester showed patches of brilliance but as a whole the Defences were lacking in good team work.

LT.-Col. McDougal opened the scoring for the Scots with a good shot down field. The Scots continued to attack but without result. A 60-yards penalty against the Scots was taken by Capt. Forrester, but he failed to convert.

Major Godley later increased the Scots' score and, before the bell rang, Forrester knocked the first one in for the Defences.

SCOTS LEADING
The second chucker opened with the Gunners attacking, but Major Godley managed to break away and scored the third for the Scots. Up and down play continued for some time till Col. Wray scored for the gunners off a good back-hand pass from Capt. Hunt and the chucker ended with the Scots' leading three-two.

Although the Gunners were pressing hard in the third chucker, they failed to score. Lt. Col. Wray and Capt. Hunt making unsuccessful efforts. Capt. Munro failed to convert a 60-yards penalty against the Scots. The latter took the offensive towards the end of the chucker and scored their fourth.

The final chucker opened with a goal for the Defences by Capt. Forrester who sent in a nice long shot, and shortly afterwards Capt. Hunt knocked in the equaliser after a good solo run downfield. Excitement ran high as both sides tried hard for the winning shot and it was after the last bell that Lt. Fergus hit in the goal that gave the Royal Scots a close win.

The umpires were Major Pembold and Capt. W. B. Wilson.
ROYAL SCOTS: Lt. B. A. Fergus, Lt.-Col. McDougal, Capt. S. Burn and Major A. S. Godley.
FIXED DEFENCES: Lt.-Col. Wray, Capt. Forrester, Major E. de V. Hunt and Capt. Munro.

A. V. GOSANO TO QUIT SOCCER

It is understood that A.V. Gosano, skipper of the Colony Interport team in Shanghai, will be retiring from local football at the end of the current season and will then devote his time to cricket.

POLICE DEFEAT NAVY IN FAST RUGBY GAME

BY FLY-HALF

In glorious sunshine, the Police XV met and defeated the Navy XV at Boundary Street on Saturday by a goal, a penalty goal and a try (11 points) to a goal (5 points) after a fast and interesting game.

There were no changes in the Police team, but the Navy brought in O'Riordan for Carter at stand-off, and Marshall, Shepherd and Spitt in place of Ferris, Brown and Charles in the pack.

Deadly and relentless tackling by the Police forward, of which Cullinan and Wright-Nooth were outstanding, culminated in the Navy lads going down. Wilson played well in defence whilst Fay relieved many a dangerous situation by well placed kicks to touch.

Taylor, apart from his costly error in allowing Paul to dribble through him to enable Stevens to cross over, played a steady game, although he could have improved upon his game by holding the ball "clean" instead of waiting for the rebound.

If the Navy had a few more of Paul's calibre in the field a different story would have been told, for this player once again showed uncanny ability in dodging his opponents and unselfishness, which is an essential factor towards victory in any game. It was mainly due to his magnificent run and unselfishness in parting the ball to Stevens when only a few yards from the line which enabled the Navy to draw first blood. Bax at back for the Navy lacked confidence in his handling of the ball and as a whole was very unsteady.

NAVY TAKES LEAD
The Navy took the lead when, after a long period of mid-field play, Paul dribbled past through Taylor and passed to Stevens on his inside to allow the latter to secure a try between the posts which the former converted.

Despite this controversy the Police pack applied heavy forward pressure as a result of which both Dempsey and Riddell went over near the touch flag. Taylor failed with the kick and not soon afterwards the Navy were penalised almost opposite their posts and Taylor successfully gave his side the lead by the scores of 3-5.

Play livened up at this stage with the Navy making desperate efforts to regain their lead, and Kennedy had a glorious opportunity to score for the Navy, but instead of trying to beat Taylor by his speed, made a belated pass to Paul, who was immediately tackled as soon as he got possession of the ball.

The Police went further ahead when Jackson, following some ragged three-quarter play, managed to cross over in the corner. Taylor kicked a beautiful goal and when the interval came the Police were leading by 11-5.

KICKS MISSED
No scoring took place in the second half although Paul had two opportunities of wiping some of the arrears when he missed with two penalty kicks. Similarly, Taylor also failed with a penalty kick and for the majority of the game play was confined to mid-field. Towards the close of the game Fay unsuccessfully attempted a drop goal, and

Lived into action by this success, the Army went further ahead when Coombs again went over the posts after picking the ball, beautifully from a loose. He was unfortunately later to have his kick hit the cross place.

Army "A": Easterbrook; Gracie, Coombs, Rees and Arthingall; Jones and Butler; McDermott, Sutherland, Evans, Clifton, Ford, Mohan, Cooke and Miller.

Club "A": Thompson; Richardson, Smith, Hopkins and Wilson; Carruthers and Morgan; Kennedy, McCrea, Heasman, Bompas, Hackett, Stoker, Carey and Leigh.

H.K. GOLF CLUB: C. M. YOUNG CUP FINAL

In the final of the Royal Hong Kong Golf Club's C. M. Young Cup, played at Fanling on Thursday, Butterfield and Swire beat the Hongkong and Shanghai Bank, winning two singles, halving one and losing one and winning one four-ball and halving the other, making a total score of 4 points to 1.

"SOCIETY LAWYER"

A Metro-Goldwyn-Mayer Picture

Judge Milton J. Helmick, of the United States Supreme Court, Shanghai, arrived in Hongkong yesterday en route to Chungking on short furlough. He is staying at the Peninsula Hotel.

Mr. A. J. D. Steenstra Tonszani, Netherlands Consul at Bangkok, arrived in Hongkong yesterday from Shanghai.

It is calculated that evacuation of mothers, children, office staffs, and private individuals, together with mobilisation, has had effect of reducing London's population—before the War was 8,202,818—by more than 3,000,000. London has thus become world's third largest city.

Mr. Maurice Murphy and Miss Kathleen Johnson, were married in Singapore recently.

"Golden Boy" At King's

Glamorous and independent, Democratic and exclusive, Co-operative and perverse. All of these adjectives have been used in describing lovely Barbara Stanwyck, whose quiet habits and persistent refusal to live behind a "front" have made her a puzzle to Hollywood. Her unwillingness to be a Hollywood show-off has been misconstrued, but Miss Stanwyck's friends maintain she is the kind of person to whom they would turn in time of crisis.

And that, for Hollywood, is praise indeed! Rouben Mamoulian, who directed the lovely star in Columbia's "Golden Boy" now at the King's Theatre, thinks Miss Stanwyck one of the finest actresses on the screen. Adolphe Menjou, who shares stellar honours in the screen version of the Clifford Odets play, regards Miss Stanwyck as one of Hollywood's "great" trouperes.

In addition to the three leading parts, important featured roles in "Golden Boy" are played by Joseph Calleia, Edward Brophy, Lee J. Cobb, Sam Levene, Don Deedee, Beatrice Blinn and Frank Jenks.

NEWS FOR A NEUTRAL: PRIVILEGE OF AMERICA

IN THE LAST DECADE NEW YORK CITY HAS BECOME AN INTERNATIONAL CLEARING HOUSE OF EUROPEAN AND ORIENTAL FOREIGN CORRESPONDENCE, and this development has already had, and will have, the most telling effect on American sentiment and policy in Europe. It is no casual development, and to appreciate the scope and method of the present American coverage of the war one has to go back to the American journalism of the early nineteenth-century, says The Times.

In 1914 the continental American was uninterested in and comparatively uninformed about European affairs. In domestic affairs a whole school of critical publicists had stirred the civic conscience and secured many reforms. The World War gave them larger opportunity. Their first service to the neutral United States was to inquire thoroughly into, and soon to discredit, the 1914-15 atrocity stories.

While the belligerents were handicapped in their reporting by such considerations as moral, national interest, and inaccessibility, the Americans found all doors open. As anybody can testify who has examined those glowing files, the New York and Chicago dailies kept, until the spring of 1917, a War record that was unique. The volume of correspondence from Europe, hampered at first by censorship, mounted month by month. The tradition took root of treating the dispatches or correspondents as the conscientious findings of men on the spot, strictly immune from editorial doctoring, though not from editorial disclaimer.

Perfecting in following years, this tradition persisted through the Ethiopian adventure and the Spanish rebellion, and has continuously flooded the big city papers with an immense history of the repercussions of Adolf Hitler in a score of European capitals.

The scope and continuity of this service advanced in the nineteenth-thirties to the point where the reading of the daily dispatches from Europe came to be a whole-time job.

MOST DRASTIC CENSOR

To-day the full resources of this news machine are available to newspapers who want it, from coast to coast. In 1914, there were about a dozen fully fledged special American correspondents in Europe.

In 1939 there are nearly 800 American, or American-trained, correspondents, resident European correspondents bringing the total to nearly 9,000 available sources of news. In the last week in August, they cabled for American use over a million words. Of the three continental news services one cables an average of 50,000 words a night.

On its way across the United States some of this is skeletonized, some elaborated into series of articles from signed military, economic, and political specialists. It is obvious that people who have other work to do, that is, the mass of American man and

womankind, cannot read a quarter of what is so diligently printed for them. But they have the means at their elbow to opinions more distracting than a belligerent can afford.

Partisanship is therefore not so fractious and dogmatic as it can be in countries at war. American readers receive a daily reminder of the danger of generalizing, a daily testament to the awful complexity of war moves and war motives. They know, better than some belligerent propaganda departments seem to think, that the benevolence of American opinion is the ultimate propaganda prize of this conflict.

Coveting that prize, the belligerents approached the task with characteristic methods which have been handsomely analysed and reported on, with some interesting results.

ORIGINAL POLICIES

At the outbreak of war the American Press was ready for the censorship restraints of 1914. It did not expect the original policies of the British Ministry of Information.

Berlin was quick to lift its censorship on outgoing American dispatches, and fell into line with Rome and Moscow in instituting the "responsibility rule," whereby a correspondent could cable anything he pleased and take the risk of being expelled. In the first week the only prompt and detailed first-hand dispatches were, alas, all from these three capitals.

Unexpectedly, Paris tightened its existing peace-time control. London was the most drastic censor of all.

The two chief American news agencies were compelled to ask their hundreds of European correspondents to file their dispatches "from anywhere but London."

New York newspapers that had made in the early summer shrewd arrangements for careful war coverage found themselves confronted with expensive bills for the cabling of news dispatches which were being held up by the London censor by 10 or 15 hours.

They arrived in New York as garrulous echoes of what the American radio chains had given out, to listening millions half a day earlier. They were hopelessly too late to print, but the bills had to be paid.

THE ARK ROYAL

Again when the American news offices were ticking monotonously with reports of the Ark Royal, a New York foreign news editor, declaring flatly that "denials are no use to neutrals," cabled a photographic department (of 11 men) which had been specially added to the newspaper's English office for such agonizing crises. He asked for a picture of the Ark Royal to be cabled immediately.

He was thunderstruck to receive the reply from his London office that the Admiralty would release no picture, and that henceforth there would be from London "no more pictures by cable. Berlin meanwhile was releasing photographs from its Propaganda Ministry, and though Americans had no proof that German dispatches were more authentic, they were precise, and they were the first to be printed.

The effect of this competition was, in the words of this crestfallen American news editor, "to give Berlin a far better representation than it can possibly deserve." The later reforming of the Ministry of Information has not yet assuaged the complaints of foreign news editors here.

For the now divided censorship, first through a Government Department, then through the Ministry, still delayed cables beyond hope of printing, though there was no longer the fear of losing miserably to the radio, since American broadcasting has introduced a remarkable system of self-control.

TAO FONG SHAN RETREAT

INSPIRING TALK BY DR. REICHEL

A number of friends shared in the annual retreat at Tao Fong Shan Monastery on Friday afternoon.

The peaceful atmosphere of the whole place, in its lovely setting among the Kowloon Hills above the estuary, at Shatin, was indeed a fitting one for Dr. Reichelt's subject, "Let there be Light," and was much appreciated by those who were privileged to share in the retreat.

The first part of the service was held in the new lecture hall. This hall of original design with the lotus symbols decorating a Christian platform stands on the edge of a hill and looks sheer down to the valley below so that one feels completely surrounded by the "Tao Fong" or Spirit of the Mountain.

Dr. Reichelt spoke of our need, in this chaotic time, to realise all that underlies the greatness of God's creation and his command "Let there be light," further, to realise that there was light out of chaos. He developed the theme of this Spirit or Light, moving through the ages—steadily endeavouring to penetrate the world and its problems.

AGONISING PROBLEMS

Dr. Reichelt stressed the thought, that the answer to the world's agonising problems today lies in Christ's statement "I am the light of the world"—that there are mountains of hate, selfishness, pride in nations and individuals making almost impenetrable barriers to that light—but there are channels of that light, coming in from all directions, and these will be the means of removing the mountain barriers. Some of those channels are even beyond the border of organised Christianity. "Other sheep I have," said Christ.

This led Dr. Reichelt to speak of the work at the monastery during 1939. He said there had been 42 students at the institute—these men come from Buddhist and Taoist centres and are stirred by a deep religious sense to seek further truth. They come to the monastery as inquirers and students of the teaching of Christ, and priests and monks are able, in a very congenial atmosphere, to meditate under the able guidance of Dr. Reichelt and his colleagues.

STUDENTS ORDAINED

There have been eight of the students ordained as deacons, and two, who had completed the four years course and have been ordained pastors, are now working in the mission.

"Many who have become Christians in the Institute have gone out to carry on the 'Light' in other places. There are now new centres of this work being carried on in Peiping, Nanking, Shanghai, Hangchow, and Tait on the borders of Tibet in S.W. China.

The retreat was concluded with a service in the Temple, both students and friends sharing in the evening worship.

A very welcome and friendly tea was given by the ladies of the Tao Shan to the visitors before they returned to Hongkong.

HONGKONG, FEBRUARY 12, 1940

CLEAR THE SLUMS

HONGKONG'S PRINCIPAL SOCIAL PROBLEM is set up by the multiple existence of slum areas overcrowded by buildings which in turn are overcrowded by human beings.

THIS STATEMENT made by H.E. the Governor on the occasion of the opening of the new coolie quarters of the Kowloon Wharf & Godown Company, shows that Government is keenly aware of the glaring social evil that makes Hongkong an eyesore and a plague-spot among the Colonies. The Hon. Director of Medical Services also has repeatedly alluded to the noisome slums that are the city's shame and has said explicitly that it is these areas that nourish and encourage Tuberculosis—the grim murderer in our midst.

Have the authorities, has the public a true desire to fight the White Pestilence? Is there, as there should be, a militant determination among those who must spend their lives here to make Hongkong the beautiful, healthy city that it can be with its fine climate and magnificent natural surroundings? If so, an immediate attack must be made on the poverty and overcrowding that surround us. The slums must go. Street sleeping must go. If nothing else, every man, woman, and child in the Colony should at least have a healthy and reasonably spacious abode.

WITH THE CO-OPERATION of the medical authorities, a survey must be made of all the tenement areas, and the thousands of buildings which have so often been denounced as unfit for human habitation must be condemned and razed. A zoning

PLAN TO STEAL SUBMARINES FROM TURKEY

Krupp Dockyard Now Closed

LONDON, Feb. 11 (Reuter).—Seizure by the Turkish authorities of the Krupp dockyard at Istanbul followed the discovery of a sensational Nazi plot, the Daily Express stated this morning.

The Germans, the paper asserts, planned to steal two Turkish submarines in the dockyard and break through the Dardanelles by night.

NAZI WORKERS

All German technicians working in Turkish factories or industries connected with national defence have been dismissed. Over 100 are affected and they are leaving for Germany within a few days. They include 20 engineers and technicians who were fitting engines into two submarines built for the Turkish Navy; 20 engaged at the naval base in the Sea of Marmara; and 20 working in an explosives factory.

RELATIONS WORSE

ANKARA, Feb. 10 (Reuter).—While Turkish official quarters will not comment on the dismissal of German technicians, it is plain that the incident has made another breach in Turkey's relations with Germany which have not been particularly good since the signing of the Anglo-Franco-Turkish pact.

It is recalled that just before the Balkan Entente conference, Bey Sarajoglu issued a statement saying that Turkey would side with the democracies if war spread to the Near East.

BUSINESSMEN TO LEAVE

LONDON, Feb. 10 (Reuter).—The Daily Mail correspondent in Ankara reports there will be a German exodus from Turkey mainly of German businessmen

Adulteration Of Sake Hits Japan Drinkers

A new joke is making the rounds in Japan. It deals with the quality of Japanese sake which, it is said, is watered so much by producers, retailers and restaurants in turn that even goldfish can safely live in the rice-wine!

The Metropolitan police authorities now are taking severe action against adulterators of sake, however, and strict control soon will be exercised over the manufacture and sale of this national beverage.

THREATENING DECLINE

Since the Government's announcement on December 1, 1939, that the amount of sake to be brewed in 1940 should be reduced by 48 per cent, a decline in quality developed which threatens the very health of drinkers.

Not only is sake "baptized," literally baptized, with water, but, "to prevent it from going bad," it is mixed with inferior medicinal.

The national spiritual mobilization movement also will have its say in the sale of sake this year and the Education Ministry, in accordance with the tenets of this movement, are said to be planning a ban on the sale of the beverage, a ban to be placed by universities and colleges.

LESS BEER

Beer too, comes within the restrictions of alcoholic consumption in Japan for although the brewing of beer for export is to be encouraged, the average Japanese beer-drinker will have to consume 20 per cent by Government decree.

Actual consumption will be cut in fact by 30 per cent, and not 20 per cent, for exports to yen-bloc countries and the semi-compulsory supply to the Army and Navy must be taken into consideration.—(Havas).

OFFICE BOY AT 12 AND MILLIONAIRE AT FORTY

MADE WHOOPEE ON £40 MILLIONS

The millionaire who really lived like one is dead. Of course, he was an American—Henry L. Doherty, sixty-nine, of Philadelphia. His success story was the stock one for his class. Office boy at twelve. Never had a day's schooling. Millionaire at forty.

SPENT LAVISHLY

But while brother millionaires lived like humble clerks, Henry L. really enjoyed his £40,000,000. He spent his so lavishly that Americans, who are good spenders and hate "tightwads," rebuked him for "haunting his wealth."

That was when he set an all-time record for luxurious coming-out parties by spending £200,000 on his adopted daughter's in 1940. Two thousand guests sat down to supper costing £5 a plateful on the first floor of the fashionable Mayfair hotel of Washington.

Entertainers flew from York to entertain them. Seven orchestras played. The chorus of a musical Comedy sang.

ordnance must be promulgated. New housing must conform to minimum standards clearly laid down by the Building Authority. Rents must be fixed by law. The working population must be provided with homes within the industrial areas so as to relieve it of the additional burden of transportation.

IN ORDER that an immediate start may be made in effective town planning, expired Crown Land leases must not on any account be renewed unless the holders pledge themselves to undertake immediately such clearing or reconstruction as may be required to meet the requirements of the new planning scheme. The granting of new leases should be the responsibility of the same body that carries into effect whatever zoning legislation may be in force.

ABOVE ALL, action must be taken at once to eradicate the eyesores which can be condemned under the existing laws of the Colony.

Miss Doherty gave twelve expensive cars to her twelve "ladies-in-waiting."

RED ON RAILS

Such extravagance enraged Senator George William Morris, known as the "Arch-foe of Wall Street."

"Multi-millionaires who spend their money wastefully like this while other men are starving might cause a revolution in the United States," he warned the nation. Similar attacks everywhere followed.

But Henry L. laughed and went on enjoying his almighty dollar. Sleeping in the open air was his only other hobby.

His bed was like something out of a fairy tale.

PRESSED A BUTTON

It was devised to propel him into the open air after he was snugly tucked between the sheets.

Tracks were built on his bedroom floor. He jumped into bed, pressed a button, and was transported by electricity from the warmth of his bedroom into a "sun parlour."

That was the first stage. On pressing another button, doors leading from the sun parlour into a sleeping porch flew open and the bed and Henry L. shot into the open air.

RICHEST BACHELOR

Until 1929 Henry L. was known as "America's richest bachelor."

He lost the title on April 19 of that year. News leaked out that he had wed a widow secretary months before.

But even a wife's watchful eye failed to make him thrifty.

Money still flowed as freely from his pockets as the oil from the wells which had made him a Midas.

New Device For Shop Lighting

Home Office experts are now satisfied with their final tests of a new device for lighting shop windows which will comply with the black-out restrictions. An order permitting its use was made by the Ministry of Home Security recently.

A box-like container with a lamp concealed inside will be placed on the floor of the window. The light will be thrown upward through apertures, and will be sufficient to enable the articles in the window to be seen, without causing any reflection in the street.

FARLEY SEEKS DEMOCRATIC NOMINATION

WASHINGTON, Feb. 10 (Reuter).—Postmaster General "Big Jim" Farley has decided to let his friends give his name to the forthcoming Democratic National Convention as a candidate for President.

This, some quarters feel, means that he is opposed to the third term for President Roosevelt although he has refused to say so.

CORRESPONDENCE

INCREASED TAXATION

To the Editor, Hongkong Daily Press

In view of the Government's proposal to increase taxes, it will be in the interests of the authorities as well as that of the public and the Colony at large, if the Re-employment Committee were reconstituted to consider where economies in Government Expenditure can be made.

Notwithstanding the Government's Finance Committee and the control with unofficial members sometimes exert, every Government Department should be controlled by a "Watch Committee" whose function would be to scrutinize all financial items of expenditure before such are submitted to Government for consideration by the Legislative Council.

Some such procedure is due to the long suffering and overtaxed rate-payer who has to bear the brunt of extravagant and lavish expenditure of public funds.

Yours faithfully,

HITLER'S ATTACK ON DALADIER

LONDON, Feb. 10 (Reuter).—Nazi propaganda has at last abandoned the pretension that Germany is only fighting Britain and not France.

This was indicated in Hitler's speech on Jan. 30, in which he violently attacked the French Premier, M. Daladier, and confirmed by the Minister of Interior, Dr. Frick, in a speech at Munich last night.

Speaking to Nazi officers, Dr. Frick said: "France has joined Britain. Hatred of Germany in France is no less than that in Britain and therefore we make no difference between the two countries."

NAZI SUBMARINES SENT TO BOTTOM

LONDON, Feb. 10 (Reuter).—The announcement by the Admiralty that two U-boats were sunk yesterday while trying to attack a convoy will not immediately be magnified by a further announcement.

Often the Admiralty has reasons for not giving details, but it is remarked that both the Nazi submarines fell victim to the same British destroyer.

BRITISH SHIP'S CREW PICKED UP

NEW YORK, Feb. 11 (Reuter).—A wireless message has been received here from a Norwegian vessel saying that 25 members of the crew of the British steamer, Sear Ambler, have been picked up.

Tweedsmuir Still Unconscious

MONTREAL, Feb. 10 (Reuter).—A bulletin issued at 10.50 p.m. states that Lord Tweedsmuir, Governor-General of Canada, is still unconscious but during the past 12 hours has shown definite signs that this condition is lessening.

His temperature, pulse and blood pressure remain satisfactory.

Lord Tweedsmuir, accompanied by Lady Tweedsmuir and her son, the Hon. Alistair Buchan, five doctors and three nurses, arrived here last evening and was taken by ambulance to the Neurological Institute.

The doctors stated Lord Tweedsmuir stood the journey very well but his condition is unchanged and is still serious.

It is learned that His Majesty the King and the Canadian Premier, Mr. Mackenzie King, have both arranged to be kept in touch with all developments in regard to Lord Tweedsmuir's condition.

Messages of sympathy are arriving from all over the Empire.

FORTH BRIDGE LIES SPREAD BY NAZIS

LONDON, Feb. 11 (Reuter).—A special commentary states that an exaggerated version of a story published in a New York paper on February 9 about damage to the Forth Bridge and British war vessels in the early days of the war has been spread by German propaganda in other countries.

The facts are that the Forth Bridge has not been damaged. The statement that the battleships, Hood, Nelson, Renown and Warspite, have been damaged by enemy action is false, as well as the statement that Scapa Flow is closed.

CONVOY SYSTEM SUCCESS

LONDON, Feb. 11 (Reuter).—Up to the end of January, a total of 7,888 ships were conveyed by allied naval forces and only 15 were lost. It is authoritatively learned. This loss was only 0.2 per cent.

Of 117 neutral ships sunk by Germany, only three were lost while in convoy.

TWO TRAWLERS SUNK

LONDON, Feb. 11 (Reuter).—The Admiralty announces that as the result of enemy aircraft attacks in the North Sea during the past two days, the trawlers, Robert Bowen (290 tons) and Fort Royal (351 tons), were sunk with the loss of four officers and 18 ratings.

CAPTAIN KILLED

LONDON, Feb. 11 (Reuter).—Further details of the attack on the Naval trawler, Fort Royal, show that Lieut-Commander King, captain of the trawler, fell dead, with a Nazi machine-gun bullet in his heart as the German aircraft, swooping out of the clouds, attacked the trawler with bullets and bombs.

The crew of the trawler leapt into action and opened fire but a few minutes later, torn by several bombs, the vessel sank.

The Robert Bowen, similarly attacked sank immediately. Other naval craft in the vicinity replied to the German attack while zig-zagging and were not hit.

The attack lasted for about 10 minutes before British fighters appeared and the German planes hastily retreated into the clouds.

LIMITATION OF ARMAMENTS, ECONOMIC SANITY AS BASES OF PEACEFUL WORLD SOUGHT BY AMERICA

SUMNER WELLES CHOSEN PRESIDENT'S SPECIAL OBSERVER TO EUROPE

Informal "Peace" Talks With Neutrals

WASHINGTON, Feb. 11 (Reuter).—Peace and economic sanity in the post-war period was emphasised by Mr. Cordell Hull at a press conference yesterday as the objectives being sought in the talks between the United States and other neutrals and Mr. Sumner Welles' mission to Europe.

He said the United States had some time past been doing everything possible to keep alive the basic ideas, formulas and programmes for a sound and stable period of international relations after the war ended, and explained that the keystones of this policy are, firstly, curtailment of armaments and, secondly, adoption by all nations of sound and liberal commercial policies.

"When peace does come," declared the Secretary of State, "it is hoped that there will be very definite understandings and even commitments to the basic principles vitally necessary for a peaceful world."

PERSONAL SURVEY

WASHINGTON, Feb. 10 (Reuter).—President Roosevelt announced yesterday that he is sending the Under-Secretary of State, Mr. Sumner Welles, to Europe for a personal survey of conditions in Italy, France, Germany and Britain.

Mr. Welles is to leave on Feb. 17 and will go direct to Italy, in the liner Rex.

Replying to a barrage of questions, President Roosevelt explained that while the United States had diplomatic representatives in the four countries Mr. Sumner Welles was to visit, he thought there was something in one mind visiting all four, instead of four minds reporting from separate countries.

President Roosevelt said those who enlarged on his statement would be wrong. Mr. Welles would not go either to Finland or Russia. Mr. Welles would carry no special message and would take no staff. General Impression in Washington is that President Roosevelt and Secretary of State Cordell Hull desire a detailed and comprehensive report by a fresh mind.

HULL INITIATES TALKS

While President Roosevelt was revealing the forthcoming despatch of a special observer to Europe, Secretary of State Cordell Hull announced that diplomatic conversations "of an informal character" had begun with neutral governments "in view of the evident desire of all neutral nations for the eventual restoration of world peace."

Mr. Hull emphasised that the conversation "involve no plan or plans but are in the nature of preliminary enquiries relating to a sound international economic system and at the same time a world-wide reduction of armaments."

He added that the conversations "can be extended to the belligerents insofar as they involve these two common problems of future peace."

The conversations did not embrace "matters involving the present war conditions."

NOTED WITH INTEREST

In London, the announcement that peace conversations with certain neutrals are in progress has been noted with interest.

It is pointed out that the British and French Governments have made it abundantly clear the conditions under which they could see a termination of hostilities.

They have also made equally plain the principles for which they are fighting, principles which they believe are not less dear to the people of the United States than to those of the European Democracies who have taken up arms in their defence.

IDENTICAL PROBLEMS

NEW YORK, Feb. 10 (Reuter).—The New York Times, praising the Sumner Welles' mission, says: "As a result of this war, we and other neutral nations are facing identical problems."

"We know there can be no durable peace unless accompanied by an eventual reduction of armaments and trade barriers."

"If neutrals can face their common troubles with something like a common outlook, the next peace may be something more than an armed truce."

BRITISH COMMENT

LONDON, Feb. 10 (Reuter).—The cordial welcome which awaits Mr.

Sumner Welles when he visits Britain and France as special envoy of the United States President is emphasised in the newspapers of both countries.

In typical English press comment the "Daily Telegraph" says: "Britain and France will welcome the intention of the United States to work for a durable peace following the war and wish the effort all success."

"No neutral nation has the power to do so much for the defence of civilisation and none is better informed of the outrages for which atonement must be made."

"The effects of five months of war on the determination of the people of Britain and France must be well known to Mr. Roosevelt."

"He is not less able to judge what change of heart has occurred in Hitler since August, when the President's appeal to him to keep the peace had not the slightest effect, and since November when Queen Wilhelmina asked Hitler to take the first step towards peace and he would not move one inch from the plunder he had seized."

NO DOUBT OF TERMS

"Mr. Roosevelt will also be well informed of the feeling aroused in the neutral states of Europe by the brutality of German warfare and will have perceived their movement towards consolidation in defence."

"There has never been any doubt of the terms on which Britain and France would make peace."

"Our King warned the leaders of Germany last year that the British Empire would not lay down its arms till Europe had been redeemed from the fear of aggression."

MUST FIGHT ON

"The President of the French Republic added that France must fight on for a peace founded on justice for reparation of the wrongs done to Austria, Czechoslovakia and Poland."

"Every statesman and every party in the two countries are not merely pledged but ardent to carry out those purposes, be the cost what it may."

"As the days go by the unity of the two countries is confirmed and develops greater strength."

"President Roosevelt must be well aware that we shall not abate a letter of our terms. On those terms, the only terms which can make a peace just and durable, Hitler might have ended the war long ago."

"We have nothing to yield. We are engaged on a crusade to save not only ourselves and our children but civilisation from the cult of brutal tyranny which would destroy it and all the dignity of human life."

EUROPE AGOG
LONDON, Feb. 10 (Reuter).—There is the greatest interest in Europe over President Roosevelt's latest moves—the sending of a special observer to Europe and conversations between neutral nations.

Rome is pleased with the forthcoming visit of the American Under-Secretary of State, while Greece and Holland regard the talks between neutrals as the most important news of the day.

Germany alone maintains a somewhat surly silence, and Nazi Foreign Office officials were not encouraging when neutral correspondents in Berlin this morning asked for the German attitude towards the American moves.

DUTCH ARE HAPPY
AMSTERDAM, Feb. 11 (Reuter).—Although no official statement has been made regarding Mr. Sumner Welles' mission, the press makes it clear that the Netherlands wel-

TEN KILLED IN AIR CRASH

ROME, Feb. 10 (Reuter).—Ten persons were killed when a plane of the Alitalia Line crashed today in Calabria.

The casualties comprised four passengers and six crew members, who were the only occupants of the plane. The machine was en route from Brindisi to Rome when thick fog forced the pilot to fly low. The machine crashed into the hillside.

comes, with pleasure if not high hopes, any steps of this kind. "First official intimation of this move reached the government in a telegram from the Minister in Washington. It seems to have been a complete surprise. The telegram is being studied."

It appears certain that no informal diplomatic talks have yet started as far as Holland is concerned.

The Rotterdamse Courant fears that Mr. Welles will be received with distrust in Germany and Italy owing to sympathy with the Allies existing in America, and also considers a weak point in the fact that the plan involves no contact with Finland and Russia.

HITLER THE OBSTACLE

WASHINGTON, Feb. 11 (Reuter).—Well-informed quarters believe that official circles here appreciate that any attempt to establish a sound, stable international policy would be likely to prove impossible while the Hitler regime remains.

HITLER'S ATTENTION

BERLIN, Feb. 11 (Reuter).—Hitler has returned from Munich to Berlin apparently to give his personal attention to President Roosevelt's peace moves. Herr Joachim von Ribbentrop, Foreign Minister, is expected back at work on Monday following his illness. No action by Hitler is expected until he has conferred with his second-in-command.

The possibility is mentioned in Berlin of consultations between Signor Mussolini and Hitler on the peace question. Some Nazi quarters speak of a second Colonel House affair in reference to the visit to Berlin before the Great War of President Wilson's confidential adviser.

Official Nazi reticence amounts almost to silence.

CIANO NOTIFIED

ROME, Feb. 11 (Reuter).—Mr. William Phillips, U.S. Ambassador, yesterday called on Count Ciano, Italian Foreign Minister, and officially notified him of Mr. Welles' forthcoming visit.

The general political situation was also discussed.

ROME REACTION

ROME, Feb. 11 (Reuter).—Although the announcement of the visit to Europe of the American Under-Secretary of State, Mr. Sumner Welles, is received with cordial interest in political circles, doubt is expressed regarding the practical outcome of Mr. Cordell Hull's proposed talks with neutrals on peace questions.

Only one paper, Il Resto del Carlino, comments editorially. "The memory of Wilson is too recent—still more recent are Roosevelt's speeches—to give hope that the Washington initiative can lead to practical results," says the paper.

A semi-official note from the Vatican declares: "Everything that may lead to clarification of ideas, more exact valuation of the situation and help to make peace action possible can only be looked upon with favour."

BULLITT HOME

WASHINGTON, Feb. 11 (Reuter).—Mr. Sumner Welles today received first-hand information on the countries he will visit from Mr. William Bullitt, U.S. Ambassador to France.

Mr. Bullitt flew from Lisbon by trans-Atlantic Clipper and with- in 24 hours of his arrival had conferred with President Roosevelt and Mr. Welles.

DALADIER SECURES CHAMBER'S VOTE OF CONFIDENCE

PARIS, Feb. 11 (Reuter).—The presidents of every group in the Chamber of Deputies yesterday signed a motion proclaiming confidence in Premier Daladier. The motion was read by M. Herriot, President of the Chamber, as soon as the public session was resumed.

"The Chamber, after having heard the statements of the Government, which it has been asked to make during the secret session, in a debate characterised by the high sentiment of patriotism," says the motion, "pays tribute to the efforts which the Government has continued to make with a view to making material and moral forces equal to the heroism of our armies and expresses confidence that the Government will carry on this effort in co-operation with Parliament and thus conduct the war to victory."

PUBLIC READMITTED

PARIS, Feb. 11 (Reuter).—The secret session of the Chamber ended at 6.25 last night, when the press and the public were admitted for the public session.

The Chamber unanimously voted confidence in the Government.

IMPORTANT DECISION

PARIS, Feb. 11 (Reuter).—The greatest importance is attached in political circles to the result of the secret session of the Chamber. It is emphasised that such a result shows that a greater degree of confidence and co-operation between Parliament and the Government has been established than at any time since the outbreak of hostilities.

It marks a decisive stage in the consolidation of the single-minded national purpose, the asserting of Parliament and of the people to show an unbreakable front to the enemy.

It is felt that the result will not only hearten Britain and impress neutrals but will finally dash any lingering hopes that Germany may have entertained of internal dissensions in France and possibilities of separating the Allies.

FIRST TIME IN 20 YEARS
PARIS, Feb. 10 (Reuter).—For the first time in 20 years, the French Chamber of Deputies held a secret session yesterday.

M. Daladier had been telling the Chamber about the police raid on the Soviet trade bureau and the seizure of documents there, and said that Russo-German agents were operating in France, sounding out public opinion about M. Daladier's popularity; the strength of his Opposition; the attitude towards Britain; and other questions.

When a discussion arose on these points, M. Blum immediately called for a secret session. The motion was carried with a narrow margin of about 50 votes.

WESTERN FRONT PATROLS MEET FACE TO FACE

PARIS, Feb. 11 (Reuter).—More details have now been issued of Franco-German clashes on the Western Front yesterday.

French and German patrols, it is stated, came face to face on the Vorbach sector. Sixteen Germans were killed and ten French soldiers were killed, wounded or taken prisoner.

Another Nazi patrol was repulsed by machine-gun fire and hand grenades and retreated, leaving a number of dead.

Meanwhile, details have been revealed of how British troops took a leaf out of the Finnish book during heavy snow. The Tommies wore white suits with white cloth over their helmets and carried out reconnaissance work unobserved by the enemy.

FRENCH AIRMEN DECORATED

PARIS, Feb. 10 (Reuter).—Five French airmen have been given the Croix de Guerre, with palm, following a reconnaissance flight over Germany from which they returned with their plane riddled. It was a night flight, and over the Rhine searchlights picked out the plane and an intense anti-aircraft fire burst around them. After 10 minutes of twisting and dodging, the French plane reached its objective, a railway line, and carried out its task.

Sad Plight Of Polish War Prisoners

PARIS, Feb. 11 (Reuter).—Accounts of the "odious treatment" of Polish prisoners of war by both the Germans and the Russians have been received from reliable quarters, says the Polish Government information service.

Early in January, 2,000 Polish soldiers arrived in Warsaw from Prussia after a terrible journey of three days, packed 50 to 70 together in cattle-trucks. Normally the journey takes a few hours.

On the way, 211 died from cold and many others appeared to have been driven mad and were so starved that they were unable to take anything except liquids for several days.

Polish prisoners of war arriving from Soviet territory were in similar plight. During the journey 149 died from cold and the majority of the others suffered from frost-bite to the hands and feet.

CHILDREN DIE IN TRAIN

It is learned that Polish prisoners of war in Germany receive two potatoes and a piece of bread daily.

Many Poles who were expelled from Germany died of cold before they arrived in Poland.

In a train which evacuated hundreds of children from Posen, many of them were found dead when the train arrived at Cracow.

POLES PUT TO WORK

BERLIN, Feb. 11 (Reuter).—It is admitted in a statement made here that about 1,000,000 Polish prisoners of war and other Poles are at present working in Germany. It is said that these about double the number of foreign labourers normally employed.

The Poles have been put to work in agriculture and forestry.

Roosevelt's Charge To American Youth: Keep Ideals High

WASHINGTON, Feb. 11 (Reuter).—President Roosevelt, standing on the steps of the White House yesterday afternoon, made a speech to members of the American Youth Citizenship Institute.

He began by giving a survey of Finland, during which he was interrupted by enthusiastic cheers.

The President declared: "America's sympathy is 98 per cent. with the Finns. That because we are helping Finland the Soviet might declare war on us is the silliest talk I have ever heard. It is just as silly as saying we might declare war on the Soviet."

President Roosevelt described the Soviet dictatorship as absolute and the same as any other dictatorship in the world.

He characterised Russia's war on Finland as the invasion of a neighbour so infinitesimally small that she could not do any injury to the Soviet.

"More than 20 years ago, when most of you were young children," said the President, "I had the utmost sympathy for the Russian people. In the early days of Communism, I recognised that many leaders in Russia were bringing education, better health and better opportunity to millions who had been kept in ignorance and serfdom under the Imperial regime."

"I disliked the regimentation of Communism. I abhorred the indiscriminate killing of thousands of innocent victims and I heartily deprecated the banishment of religion, but I knew that some day Russia would return to religion, because four or five thousand years of reordered history have proved that mankind always believed in God despite many abortive attempts to exile God."

HOPE SHATTERED
"With many of you, I hoped that Russia would work out her own problems so that her government would eventually become a peace-loving and popular government with free ballot and would not interfere with the integrity of neighbours."

"That hope is today either shattered or held in storage against some better day."

GANDHI TELLS INDIANS PUT HOUSE IN ORDER

BOMBAY, Feb. 10 (Reuter).—Mr. Gandhi, writing a signed article for his paper, the Harijan, confirms the statement that the negotiations with the Viceroy have not broken off and there was no need for disappointment among Congressmen.

"We met to explore the possibilities of a settlement and, despite the failure, have come nearer to each other. There has been a clarification of the situation and the meeting has brought us nearer to our goal."

"Meanwhile, we have to educate the world what we stand for. If India is not to be co-sharer in the exploitation of Africa and the degradation of our own countrymen in the Dominions, she must have her own independent status."

After paying tribute to the Viceroy's sincerity, Mr. Gandhi adds: "This we shall not seek by civil resistance but by putting our own house in order."

ANNIVERSARY OF DEATH OF POPE PIUS XI

ROME, Feb. 11 (Reuter).—Pope Pius XII yesterday took part in ceremonies on the occasion of the first anniversary of the death of his predecessor, Pope Pius XI.

Contrary to custom, His Holiness attended mass at the Basilica of St. Peter's. The mass was celebrated by the Cardinal Archbishop of Bologna.

All the College of Cardinals, which is meeting in Rome, attended, as well as the diplomatic corps accredited to the Holy See.

U.S. Labour Patch-up: C.I.O. Offer

WASHINGTON, Feb. 11 (Reuter).—John Lewis, president of the Committee for Industrial Organisation, has offered to take the entire membership into the American Federation of Labour on March 15, simultaneously challenging President Roosevelt to ascertain whether William Green, president of the A.F.L., would accept the offer.

Lewis' offer was made in a speech to the Youth Congress. He suggested that the C.I.O. and A.F.L. should hold a joint convention to enact a resolution of reunion. He was willing to give assurances that he would not seek office in the reunited A.F.L.

"This should dispel Green's greatest agony—myself," said Lewis.

FURIOUS ASSAULTS

Stockholm, Feb. 11 (Reuter).—Furious Russian assaults on the Mannerheim Line continued throughout yesterday and began early in the morning with the bombing of Finnish troops by Soviet aeroplanes accompanied by a violent pounding from Russian artillery. This was followed by an attack of fresh waves of men all along the line.

While the tired Finnish troops in the Karelian Isthmus can do nothing at the moment but try to grimly to stand firm, the Finns north of Lake Ladoga appear to be still on the offensive.

ATTACKS REPULSED

HELSINKI, Feb. 10 (Reuter).—A communique says that yesterday's attacks on the Karelian Isthmus were repulsed. The enemy suffered great losses, and 30 tanks were destroyed.

An important defeat was inflicted on the enemy northeast of Lake Ladoga.

Bombs were dropped at several places on the home front, one civilian being killed. Four Soviet planes are lost.

BARON MANNERHEIM

Field-Marshal Baron Mannerheim, the Finnish Commander-in-Chief, is reported to have left the Lake Ladoga front today to superintend operations on the Karelian Isthmus.

NEAR EXHAUSTION

WASHINGTON, Feb. 10 (Reuter).—It is rumoured in political circles that the States Department has received a confidential report on the situation in Finland suggesting that the Finns are nearing exhaustion of man-power.

DANISH AIR SQUADRON

COPENHAGEN, Feb. 11 (Reuter).—A Danish air squadron has been raised for service in Finland and 500 Danish machine-workers have gone to Finland to work in factories there.

MEN NEEDED

OSLO, Feb. 11 (Reuter).—The President of the Norwegian Parliament said that he was gratified to see so many gifts from all parts of the world in aid of Finland but said that men and arms were needed more than money. Volunteers are necessary to relieve the Finns.

800 REDS KILLED

HELSINKI, Feb. 11 (Reuter).—The Finns claim to have killed 800 Russians in Friday's fighting to the north of Lake Ladoga, a column of lorries and tanks being destroyed.

Further north, attempts to relieve the Soviet division in difficulties there have been repulsed.

FINNISH FUND

HELSINKI, Feb. 11 (Reuter).—M. Cajander, former Premier of Finland, stated last night that the Finnish Fund totalled £226,000 much of which was from the United States.

EXPLOSIVE WEEK-END SOFTBALL

The Canadian Chinese girls virtually made certain of winning the Southard Shield by nosing out the Wahos yesterday in a close and explosive clash.

The game was completed under protest by the Wahos when one of the Canadian Chinese batters scored on a hit to right field which the fielder pushed into foul territory and against an obstruction.

The umpires ruled that the ball was in play, while the Green Owls claimed that the runner was limited to the number of bases which she could advance, as the ball was dead.

The runner reached home before a play was made to her and it appears likely that she would have scored on the ruling that a runner is allowed one base in addition to the base to which he is going at the time the block occurs.

Whether the protest will be made official is not yet known.

The Ball Club took runners-up position when they beat the Baby Panthers in a game that was also full of explosive moments.

Protests were numerous but it is doubtful if any will be officially lodged.

NEW YORK RUBBER: There was some light buying by factories. Sentiment was disturbed by the renewed peace-moves.

CHICAGO WHEAT: A thin local market eased on official forecast of fair weather conditions in the South-west over the week-end and on renewed peace-talks, but closed firm on less pressure and higher foreign cables.

ATHENIA HEROINE GAOLED

Stewardess Marion Campbell, of the Athenia, kept cool when the liner was torpedoed by a U-boat the day after war broke out. She was one of the heroines of the disaster. Three letters from the commander of the ship commend her efforts in the rescue work.

When Miss Campbell, who is 32, got back to Glasgow she made friends with several people who sympathised with her over what she had gone through.

It was said that she told them a "fine fairy tale" of her experiences.

"RECEIVE PAYMENT"

Mr. James Adair, prosecuting in Glasgow Sheriff Court, said that she pretended to them that she was to receive £98 from the Government because of her work on the Athenia.

Believing this, one woman gave her permission to get goods from warehouses. Miss Campbell got goods to the value of £97.

Miss Campbell's solicitor suggested that her terrifying experience in the Athenia might have unbalanced her.

Sheriff McDairmid: I cannot accept that plea. She was sentenced in this court in January last year to three months' imprisonment for similar frauds.

He said to Miss Campbell: "What you want is some watching. You will go to prison for six months."

Arrivals in the Colony yesterday were Mr. Paul Dietz, Mr. D. McLern, Mr. E. R. McKee, Mr. M. R. Nicholson, Mr. E. M. Grau, Mr. and Mrs. H. G. Schuring, Mrs. A. C. Groves, Mrs. J. D. HONGKONG AND BORNEO SUPPORT LOTTERY

COMPARISONS ARE NOT ALWAYS ODIUS. In the matter of War Lotteries comparisons serve a point. Here are two letters received by the Editor of the Malaya Tribune which make comparisons with other countries.

The first comes from a man who has lately arrived from Hongkong. This is what he writes:

"As a keen supporter of your idea of instituting State Lotteries in Malaya, it may interest you to know that I have received word from Hongkong that State Lotteries are receiving great support there. They are released to the public fortnightly in tickets of \$1 each. Since even Burma has already preceded us here in that idea, it seems that we will soon be the last colony in which State Lotteries will be given to the public."

FROM BORNEO

The other letter is from a Straits-born Chinese living in Pontianak, Dutch Borneo. This is what Mr. W. Goh says:

"Being a Straits-born myself I think I am entitled to cast a vote regarding the suggestion that a Straits Lottery be run by the Government to benefit the War Fund. I am sending you herewith my vote, from which you will see that I am greatly in favour of it. 'I hope the Government will not delay any further in taking up a decision.'

"To show you the popularity of a public lottery in favour of some good cause, I am enclosing herewith a sample of a lottery ticket which is run by the Netherlands Indies Government monthly in favour of charities in the Netherlands Indies.

"This lottery is so popular and well supported by the public that Government has collected as much as 380,000 guilders as you may see from the back of the enclosed ticket. Half of this sum goes to charities.

"If a Straits Lottery as suggested by you is approved by the Government, I am quite certain that it will be greatly welcomed by the public of Malaya."

INTERPORT SOCCERITES
AT FESTIVE BOARDAnglo - French Friendship
Solidarity Emphasised

The solidarity of Anglo-French friendship was emphasised by Sir Atholl MacGregor, at the Interport Football dinner given by the Hongkong Football Association in honour of the visiting team from Saigon at the Hotel Cecil last night when replying on behalf of the guests after the Hon. Mr. N. L. Smith, president of the H.K.F.A., who presided, had proposed the toast to the guests.

Sir Atholl said that it was a happy augury that a friendly Colony should be here to play a friendly game against us at a time like this when the mother countries of both Colonies are fighting side by side for the cause of freedom and justice. Let us couple with our response, and heartfelt praise and gratitude that our great ally France is here tonight," he said.

H.K. RUGGERITES
TROUNCE U.S.
MARINES

SHANGHAI, Feb. 10 (Reuter)—

The Hongkong Interport Rugby team again rendered a good account of themselves today by trouncing the redoubtable U. S. Marines fifteen by three tries and a penalty goal (12 points) to one penalty goal (3 points) in an exciting though rough game at the Camdrome.

The Colony side was far superior in every department of the game, the Marines endeavouring to make up for what they lacked in experience by superiority in weight and in consequence played a hard and rough game featuring by frequent blind rushes in the direction of the Hongkong line.

HENDERSON OUTSTANDING
Henderson, the Colony full-back, played an outstanding game and held up the Marines' rushes time and again, while Bidwell and Bosanquet were outstanding among the three-quarters, who showed up extremely well throughout.

Drown, Marines' stand-off-half, displayed a better knowledge of the game than his team-mates.

A crowd of 3,000 watched the game, which was played in warm, sunny weather with a light cross wind. The ground was in ideal condition.

COLONY SOCCER
TEAM LOSE

SHANGHAI, Feb. 11 (Reuter)—In their last match in the North port, the Hongkong Interport football team lost to the Shanghai Foreign eleven by three goals to one.

Hongkong lost the Interport match 2-0 and drew with the Shanghai Chinese 1-1.

Only 15,000 saw the best match of the three in which the visitors participated, being replete with pretty movements but Hongkong's shooting was most erratic, Hossack being the chief offender.

Hongkong was only beaten in the last five minutes when the evidently strenuous programme of three matches, in heavy going, in four days, told on the Colony players.

GUY SHINES

As in the game against the Chinese, Guy was scintillating at centre-half while Moxham again impressed. Hossack was the live-wire of the Colony attack but almost invariably shot wildly.

Shanghai was one goal up in the first five minutes when, after a pretty combination, Fraser met a cross pass from Parr and plied-drive into the net with a first-timer. A minute later a penalty was awarded against Bone but Moxham saved the straight drive from Campbell.

Both goals had several narrow escapes in the next few minutes, Hongkong having the hardest luck, the ball often scraping the cross-bars and side posts but never entering the net.

COLONY PRESS

After the interval, Hongkong pressed and narrowly missed scoring thrice in as many minutes, two splendid distance shots from Forrow being nearest the mark.

The visitors continued to dominate and finally Strange was put through and headed in the 23rd minute. The next minute, Gosano passed to Strange and the latter, in front of an open goal, mis-kicked.

With Hongkong rapidly tiring, Shanghai took command and scored twice in the last five minutes through Parr and Karolich. In the very last minute of the game Gosano was presented with a sitter but weakly ballooned the ball.

Hongkong lined up as follows:—Moxham; Russell, Bone; Maxwell, Guy, Honnball; Fox, Forrow, Hossack, A. V. Gosano and E. L. Strange.

Mr. J. J. McLeod, Far Eastern Representative of the International Paint and Compositions Co., Ltd., was an arrival yesterday.

The hall was decorated with the French and British colours. Specially attractive was the designs on the walls of footballers in action, one representing Saigon, wearing the French International colours, and the other representing Hongkong. The designs, which were done by Mr. Chan Wal-cheung, bore suitable inscriptions in French and English.

There were about 125 persons, among them, besides the Hon. Mr. N. L. Smith and Sir Atholl MacGregor, were the Consul-General for France, M. F. Dupuy, the Hon. Mr. M. K. Lo, Mr. C. G. Sollis, the Commander of the French gunboat Argus, M. Baurain, manager of the visiting team, Mr. W. Pryde, Chairman of the H.K.F.A., Mr. C. Goldenberg, secretary, Mr. Lee Wal-tong, Mr. W. E. Hollands, Mr. A. Kirby and several others.

The toasts to the King and to the Republic of France were proposed by the President and drunk to musical honours. The Hon. Mr. Smith then proposed the Federation Cochinchinoise de Football Association and Our Guests, in appropriate words and ended by saying that he hoped they would carry away tender recollections of Hongkong hospitality.

Sir Atholl MacGregor replying for the guests said, that a function like this does a tremendous thing not only for people like himself but also for all other people who take part in them. These functions bring them together and imbibe a spirit of understanding among them.

ONE IDEAL

"We realise," he said that in whatever walks of life we follow we have one ideal and that is to live a decent and clean life. I cannot help feeling that it is a very happy augury that a friendly Colony should come over at a time like this to play a friendly contest.

Days like this are days of anxiety and we should realise here in Hongkong what was emphasised by Mr. Chamberlain the Prime Minister, a few days ago and by the Premier of France, M. Daladier, over the radio half-an-hour ago, that France and England have but one endeavour. We are fighting against a great foe for justice and for clean and free living amongst one another.

EXCELLENT SPIRIT

After referring to the excellent spirit in which both the Interport games had been played and complimenting Corea, the African full-back of the Saigon team for his splendid display, Sir Atholl, said he had been many years in Africa and had the African nation very close to his heart. He was glad to see an African playing here in Hongkong under such fine conditions.

M. Baurain, speaking on behalf of the Saigon football team and Association, thanked the British and Chinese sporting public for the very fine welcome extended to them. Despite a hard journey his team had done their best not to disappoint them and he looked forward to welcoming a team from the Colony to Saigon.

Mr. Lee Wal-tong, speaking for the Hongkong team, said that this was the first official visit from Saigon and makes a step in the history of Hongkong football.

M. Pucini replied in French.

ORDINATION IN
CATHEDRAL

At a solemn and impressive service at St. John's Cathedral yesterday Mr. Ko Shu-hung was ordained deacon and Rev. James Chang-ling Wong was ordained priest by the Bishop of Canton.

The service was conducted by the Very Rev. J. L. Wilson, Arch-deacon of Hongkong, and was largely attended.

Organised by the Hongkong Students' Relief Association, the three-day annual fair for the relief of distress in war-torn areas, which was formally opened by the Rev. Bishop R.O. Hall on Friday, closed yesterday. The fair was well patronised.

HITLER SEEKS
SUPPRESSION
OF BOOK

LONDON, Feb. 11 (Reuter)—Germany is trying to get neutral nations to suppress the book "Hitler Speaks," written by Dr. Hermann Rauschnigg, former president of the Danzig Senate.

The book consists of conversations the author had with Hitler, many of which do not rebound to the credit of the Nazis.

The German Legation in Bern has asked the Swiss Government to stop the book, which has been on sale in Switzerland for a week, during which time it has sold 3,000 copies.

Conversations are going on the subject, while the book continues to record high sales.

In Sweden, copies of the first edition were confiscated by order of the Swedish Government.

The Swedish police today also raided a number of Communist newspapers and the homes of Communist leaders, some of whom were arrested.

FOREMOST NAZI
WEAPONS

LONDON, Feb. 11 (Reuter)—The German wireless states that Admiral Marshall, addressing crew of U-boats, declared that the U-boats and planes have been and will be Germany's foremost weapons against England.

The German News Agency states that the customs union between Germany and the protectorate of Bohemia and Moravia will come into force on April 1.

Freedom of tariffs between Slovakia and the protectorate will be maintained for a certain transitional period.

TRANSFER OF 10
MERCHANTMEN
TO ALLIES

Special to the H.K. Daily Press
WASHINGTON, Feb. 11 (Havas)—The Maritime Commission has approved the transfer of 10 merchantmen to Britain and France.

Six of the vessels, all of which were built between 1918 and 1938, totalling 60,000 tons will be for the service of the "French Line."

Hollow Nazi
Claim

LONDON, Feb. 11 (Reuter)—Exposing the hollowness of German claims, the 6,000-ton British freighter Oregon, claimed by the Germans to have been sunk on Feb. 2, has been towed into the River Tagus.

The message from Lisbon says that the ship was disabled by the loss of her propeller.

As she was drifting she was sighted by a U-boat but as the U-boat apparently was out of ammunition it sailed off leaving the Oregon to her fate.

2ND ANNIVERSARY
OF HAINAN
RESISTANCE

Natives of Hainan Island resident in Hongkong held a meeting on Saturday in observance of the second anniversary of resistance to Japanese invasion of China's largest insular possession.

A three-minute silence was observed for the Chinese fallen heroes. Five thousand dollars was collected to remit to the Chinese troops on Hainan Island.

A resolution was passed to send telegrams to Generalissimo Chiang Kai-shek and the frontline Chinese troops paying respects.—(Central).

Large Plane
Order For
Canada

OTTAWA, Feb. 11 (Reuter)—The British Government's \$30,000,000 warplane order is the largest of its kind ever given to a Dominion.

A statement issued here says that these further orders will enable Canadian Associated Aircraft "to build up a widespread organisation of sub-contractors in the development of Canadian production for the United Kingdom of aircraft of the latest type."

The new order is expected to include Hampden bombers.
